

A large skein of light pink yarn, showing the texture of the strands. The yarn is tightly wound in a traditional skein shape, with a central core and layers of loops radiating outwards. The color is a soft, dusty rose. The background is a solid, light gray.

Nr./No.: 9807376

A circular logo with a green border. Inside the circle, a stylized green cotton plant with a flower and leaves is centered. The text "100% organically grown cotton fibers" is written in a green, sans-serif font, curving around the top and sides of the plant.

The unmercerized cotton has a very soft touch and typically mat shades. The colour palette shows both, basic shades and also wearable fashion shades, that can also be combined with each other. This 4ply-yarn is perfect for light summer garments – and thanks to the OEKO-TEX® certification also for babies.
